

Car Clubs...another way for your group to be recognized at the Rock and Roll Car Show!

This year, the rock and roll car show has 2 awards available for clubs. The Club Participation Award and the Best Club Display Award.

To be eligible for the Club Participation Award, you must insure that each club member states on their entry what club they are affiliated with. Also, we limit one affiliation per entry for the participation. For example, let's say you are a Regional Streeter and also an ISRA member. You need to choose which club you list as your primary affiliation. The club represented with the most member vehicles attending wins this award.

New this year is the Best Club Display Award. This award is not based on car count and can be given to a club with only a few members present. It is based on the best display by "Participating Clubs".

To be a "Participating Club", the club needs to purchase a reserved space for their members (this prevents the need for all members to arrive at one time) and have a display that carries with the theme of the automotive enthusiast. The reserved spaces are available at three levels. Up to 5 spaces is a \$50.00 total donation, 6-10 spaces is a \$75.00 total donation and 11 spaces and up is a \$100.00 total donation. The winning club receives a plaque plus a \$50.00 cash award. Please note: the reservation fee is in addition to the normal entry fee. All clubs participating in this category will have their logo on the event t-shirt if the reservation is confirmed at least 3 weeks prior to the show. All reservation counts must be given within 2 weeks of the show date. We will do our best to accommodate space requests after the cutoff date, but no guarantees can be given. Contact Garry Gilbert prior to Oct 1st with registration information and the number of spaces needed via email. Garrybigdog1414@aol.com

We look forward to your club participating in one or both of these programs this year at the Rock and Roll Car Show.
